

Friday 31st January 2025

Dear Parents/ Carers,

Number Day 2025

Friday 7th February 2025 is **Number Day!** We will be taking part in special Number Day challenges, boosting confidence in Maths and raising money for the NSPCC. We're asking for a £1 donation via ParentPay.

Children deserve an equal start in life

The NSPCC believes that all children deserve a childhood free from harm but, sadly, that's not the case for many children. That's why the NSPCC is fighting for every childhood and working to help keep children safe from abuse.

The NSPCC needs our support. By raising money, we can help to fund these vital services – such as Childline, the helpline that is always there for children and young people whatever their problem or concern. You can find out more about the NSPCC's work at www.nspcc.org.uk

Making maths meaningful

On this day, all children are invited to come to school wearing a costume linked to a number. This could take the form of an item of clothing with a number already on it, such as a t-shirt, jumper, or even a onesie! Alternatively, your children may wish to use one of their 'Superskills for Learning' and be creative in making their own number related costume!

It all adds up

We are looking forward to all the fun of **Number Day**, and as always, appreciate your support. All the money we raise will make an enormous difference to children today and help change the lives of children tomorrow.

CSI: Storyland

Each year group will be taking part in a special workshop delivered by As Creatives called CSI: Storyland.

With the help of the elves, the Shoemaker's fortunes have been restored – and all is well in Storyland. Until, that is, his precious last (a shoemaking tool) is stolen! Which of his neighbours could have taken it?

As Creatives will use storytelling techniques to introduce pupils to the crime and the suspects, and then they will look at a range of clues left at the scene. They'll then use their sorting and numeracy skills to reveal the identity of the miscreant!

Was it Goldilocks, the Billy Goats Gruff, Little Miss Muffet, the Little Pigs or Red Riding Hood?

Mathletics

Mathletics is an engaging, supportive, online learning resource that will be used to further enhance your child's maths skills. If your child already has their Mathletics login, they will be able to use the program both in school and at home as much as they like! If you have not received your child's login, please contact the school office and a login will be provided. So that our whole school community is able to benefit from the resource, the school has covered the cost of this resource for every child.

Thank you for your support,

Miss Ahmed
Maths Leader
